SERENPORT®
Information Technology
CYBERSECURITY & GRC ADVISORY

CAPABILITY STATEMENT

Government & Public Sector

NYS- & NYC-CERTIFIED MWBE

Serenport turns your compliance platform into an operational security governance program.

COMPANY OVERVIEW

Serenport Information Technology is a New York–based, NYS- and NYC-certified MWBE cybersecurity advisory firm. We help agency and enterprise technology leaders measure cybersecurity maturity, establish accountability, and turn assessment findings into sustained, measurable governance.

Serenport is led by **Oneil Hinds, PhD, MPA**, who pairs graduate training in public administration with CRISC, CISM, CISA, and PMP credentials, bridging technical security controls with public-sector governance, policy, and accountability. Our methodology is anchored in **NIST CSF 2.0** and extends to SOC 2, ISO/IEC 27001, GRC automation, and fractional CISO advisory.

CORE COMPETENCIES

Cybersecurity Maturity & Assurance

NIST CSF 2.0 Current/Target Profiles, evidence-based gap assessments, risk-ranked findings, and audit remediation plans.

Security Governance & Fractional CISO

Governance committees, policy and control oversight, risk register management, and executive and board reporting.

GRC Automation (Drata)

Platform deployment and adoption, control and evidence mapping, continuous compliance workflows, and third-party risk.

Security Framework Advisory

ISO/IEC 27001 ISMS implementation, SOC 2 readiness, NIST SP 800-53 alignment, and cross-framework control mapping.

AT A GLANCE

NIST CSF 2.0 DELIVERY METHODOLOGY

01 DISCOVER
Confirm business objectives, assessment boundaries, stakeholders, and critical services.

02 ASSESS
Review artifacts and interview control owners across all six CSF 2.0 functions.

03 PROFILE
Establish an evidence-supported Current Profile and a leadership-approved Target Profile.

04 PRIORITIZE
Map gaps to business impact, accountable owners, sequencing, and resources.

05 OPERATIONALIZE
Stand up governance cadence, KPIs/KRIs, remediation tracking, and executive reporting.

REPRESENTATIVE DELIVERABLES

- Cybersecurity maturity baseline report
- Current & Target CSF 2.0 Profiles
- Risk-ranked findings register
- 12–24-month improvement roadmap
- Executive cybersecurity dashboard
- Governance operating model & charter
- Third-party risk workflow design
- Compliance automation configuration plan

WHY SERENPORT

- **Public-sector fluency.** MPA-trained leadership that understands agency governance, budgeting, procurement, and public accountability.
- **Practitioner credentials.** CRISC, CISM, CISA, and PMP expertise across IT operations, controls, audit, and risk.
- **Vendor-neutral.** Independent recommendations and repeatable workpapers built for executive decisions.
- **Flexible MWBE partner.** Prime advisor or specialist subcontractor that supports MWBE utilization goals.
- **Clear independence.** Advisory work is kept separate from independent attestation and certification.

PROCUREMENT & PARTNERSHIP PROFILE

NYS & NYC Certified MWBE

Who we serve: NYC agency CIOs and CISOs, procurement officers, and prime contractors who need deliverable-based, milestone-driven cybersecurity engagements framed in public-administration terms: mission, budget, policy, and oversight.

ENGAGEMENT MODELS

ENGAGEMENT	STRUCTURE	ACTIVITIES & DELIVERABLES
Executive Cybersecurity Maturity Baseline	Fixed-scope, milestone-based	Kickoff, evidence requests, control-owner interviews, Current/Target Profiles, prioritized roadmap, executive readout
Governance Program Advisory	Time-boxed advisory or monthly retainer	Governance committee support, risk register oversight, remediation tracking, executive dashboards
GRC Automation Enablement	Project-based	Drata configuration, control and evidence mapping, workflow training, operational handoff
Prime Contractor Specialist Support	Defined subcontract work packages	Senior subject-matter expertise, deliverable development and review, framework-specific guidance

NYC COMMODITY CODES (NIGP)

Primary NYC commodity codes aligned to Serenport services, with the work each code covers.

NIGP	NYC COMMODITY DESCRIPTION	SERENPORT SERVICE ALIGNMENT
91890	Security/Safety Consulting	Cybersecurity maturity assessments, security governance, NIST CSF 2.0
91871	Management Consulting	Fractional CISO, cybersecurity strategy, executive advisory
91802	Accounting/Auditing/Budget Consulting	IT audit advisory, SOC 2 evaluations, security control assessments
91884	Quality Assurance/Control Consulting	Security control effectiveness and compliance program evaluations
91832	Computer Software Consulting, PC/Server	Drata implementation and GRC platform advisory
91856	Governmental Consulting	Cybersecurity governance advisory for NYC agencies
91809	Analytical Studies and Surveys (Consulting)	Current-state assessments, gap analyses, maturity benchmarking

Secondary: **91833** Computer Software Consulting, Internet · **91835** Computer System Integration Consulting · **92044** Risk Management for Software Development · **92064** System Implementation and Engineering Services · **92065** System Requirements Quality Assurance Review · **92435** In-Service Training (For Employees)

CONTRACTING DATA

Legal name	Serenport Information Technology Inc.	**Certifications**	NYC M/WBE (SBS), Cert. No. MWCERT2013-36 · NYS MWBE
NYC Vendor No. (FMS)	**VC00156793**	**NYS Vendor ID**	[insert]
NAICS	541519 · 541690 · 541611 · 541512	**UEI / CAGE**	[insert] / [insert]
Business address	27 W 60th Street, Suite 20962, New York, NY 10023	**Insurance & references**	Certificates of insurance and client references available on request

ENGAGEMENT SAFEGUARDS

Confidentiality and non-disclosure on every engagement · Conflict-of-interest screening before award · Secure, access-controlled evidence handling · Documented scope, milestones, and acceptance criteria · Independent quality review of workpapers

SERVICE BOUNDARIES

Consulting, implementation, and readiness services only. We do not issue SOC 2 opinions or ISO certification decisions, resell equipment, or operate a 24×7 SOC; formal examinations are performed by independent CPA firms and accredited certification bodies.

LET'S TALK ABOUT YOUR PROGRAM

Teaming for cybersecurity maturity, enterprise risk, compliance modernization, audit remediation, and third-party risk programs.
